I'm late again.....

**State/EPA UIC Workshop:** EPA joined the Division of Oil and Gas and the CA State Water Board at an Aquifer Exemption workshop in Bakersfield on February 24<sup>th</sup>. The workshop drew about 175 participants, including oil and gas industry staff, agricultural representatives, and several NGOs. A second workshop is planned for March 24<sup>th</sup> in Southern California. The workshops, although open to the public, are intended to inform oil and gas operators about the data they need to collect and the process to apply for aquifer exemptions. (Albright, 2-3971)
